

APPLICATION RECOMMENDATIONS

IQ Grower is effective as a direct foliar application or fertigation type product. May be tank mixed or injected with other fertilizers or agricultural chemicals after conducting a jar test for compatibility. Always treat a small test area with any experimental blends to determine potential phytotoxicity before making general applications.

TURF SPRAY APPLICATION: Apply 64 to 128 ounces of IQ GROWER per acre every 14 to 28 days in at least 1 gallon of water, as needed to maintain healthy turf. Apply only as directed.

SHAKE WELL BEFORE USING

WARNING: Product contains boron. For use on turf and ornamentals only. Use of the product on any crops other than those recommended may result in serious injury to the crop(s). Use only according to manufacturer's directions.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>

NOTICE TO BUYER
